

COMMERCIAL GREENHOUSE TECHNICIAN CERTIFICATE

ADMISSIONS

Students will be recommended by the Greenhouse Partners as new workers showing a desire to increased training and background in the greenhouse industry. Cohorts of 12 (minimum) will be batched and begin training based on industry calendar and demand.

General Admissions Requirements

All applicants must meet the general admission requirements for Lethbridge College programs, as indicated in the Admission section of this calendar.

Applicants to this program do not require a high school diploma, however, they must satisfy the following specific program requirements or equivalencies: Grade 10 English and Grade 10 Math.

Non-Academic Admissions Requirements

Students must have an internship placement at the time of enrollment.

A valid driver's license is recommended.
