Graduation

Upon successful completion of all program requirements, students are awarded a Correctional Studies diploma.

Note: Employing agencies may have additional requirements such as a valid driver's license, Standard First Aid and CPR. Learners are encouraged to maintain their credentials in these areas so that they are current at time of graduation.

Dual Diploma Option

Students pursuing Criminal Justice – Policing or Correctional Studies diplomas with the School of Justice share a common first year of courses. The common first year design of our justice programming facilitates opportunities for you to start your journey in public safety together with students from the Criminal Justice-Policing diploma. Together, you'll exchange ideas and beliefs, and have an inclusive educational experience that will strengthen relationships and understandings of all branches within the public safety field. Additionally, all students will have the opportunity to learn the ethical framework that should guide the actions of all public safety professionals. The common first year also enables students to take one extra semester to earn a second diploma from the School of Justice at Lethbridge College.
