

# RENEWABLE RESOURCE MANAGEMENT DIPLOMA

## TRANSFERS

Interested students can obtain further information on these partnerships from the School of Environmental Science Chair. Students wishing to continue studies at other institutions must meet the entrance requirements of that institution.

### Athabasca University

Graduates of Lethbridge College's Renewable Resource Management diploma are eligible to receive up to 60 credits towards a post-diploma Bachelor of Science (General Science) or up to 30 credits towards a post-diploma Bachelor of Commerce, Bachelor of Human Resources and Labour Relations, or a Bachelor of Management at Athabasca University.

Graduates are also eligible to receive 30 credits towards a post-diploma Bachelor of Science (Applied Mathematics), Bachelor of Science (Computer and Information Systems), or a Bachelor of Science (Human Science) at Athabasca University. Students may receive up to 30 additional credits on a course-by-course basis, provided courses fulfill requirements of Athabasca University's Bachelor of Science post-diploma programs. Students should consult Academic Advising at Athabasca University or visit their website (<https://athabascau.ca/registrar/forms/tcas/>) for more information.

### Griffith University, Australia

Graduates of Lethbridge College's Renewable Resource Management diploma, with a cumulative GPA of 65% or higher, are eligible to receive transfer credit towards the completion of a Bachelor of Environmental Science at Griffith University. For more information, please contact an Academic Advisor at Griffith University or visit their website (<https://griffith.edu.au/credit/>).

### Lethbridge College

Graduates of Lethbridge College's Renewable Resource Management Diploma will be accepted directly into the Bachelor of Ecosystem Management. A minimum GPA of 2.00 or equivalent is required for admission.

Graduates of Lethbridge College's Renewable Resource Management Diploma, who have completed the required Bridging Courses, may be eligible for acceptance into the Bachelor of Applied Science in Conservation Enforcement at Lethbridge College. A minimum GPA of 2.00 or equivalent is required for admission.

### Northern Alberta Institute of Technology (NAIT)

Graduates of Lethbridge College's Renewable Resource Management diploma, with a minimum GPA of 2.7, are eligible for admission into the Bachelor of Technology program at NAIT. Graduates must meet the competitive admission and selection requirements of the Bachelor of Technology at the time of application. Students should consult an Academic Advisor at NAIT for further information.

### Royal Roads University

Graduates of Lethbridge College's Renewable Resource Management diploma, with a GPA of 3.0 or higher, are eligible to receive block transfer into the Bachelor of Science in Environmental Practice, or the Bachelor of Arts in Environmental Practice at Royal Roads University - provided all entrance criteria for admissions to Royal Roads University are met and space remains available. Graduates may also be eligible to receive block transfer into the Bachelor of Science in Environmental Science at Royal Roads University, with the completion of one additional university level math course (calculus or linear algebra preferred) and two university level chemistry courses on arrival. Students should consult Academic Advising at Royal Roads University or visit their website (<https://royalroads.ca/admission/transfer-agreements/>) for further information.

### University of Alberta

Graduates of Lethbridge College's Renewable Resource Management diploma are eligible to receive up to 60 credits towards the Bachelor of Science in Environmental and Conservation Science (Land Reclamation major) at the University of Alberta. To receive the total allowable credits, applicants must present all diploma program requirements and meet the University of Alberta's entrance requirements. Please contact Academic Advising at the University of Alberta for further information.

### University of Lethbridge

Graduates of Lethbridge College's Renewable Resource Management diploma, with a GPA of 2.75 or higher, are eligible for admission into the post-diploma Bachelor of Science (Environmental Science) at the University of Lethbridge. Admitted students will be third-year degree level students in the university's Faculty of Arts and Science in all respects. For more information, please see an Academic Advisor at the University of Lethbridge or visit their website (<https://uleth.ca/ross/postdiploma/>).

### University of Regina

Graduates of Lethbridge College's Renewable Resource Management diploma, with a minimum graduating average of 60% and a passing grade in Pre-Calculus (or equivalent), are eligible to receive up to 60 credits towards the Bachelor of Science (Environmental Biology) at the University of Regina. For more information, please contact an Academic Advisor at the University of Regina or visit their website (<https://uregina.ca/academics/programs/science/environmental-biology.html>).
