

RENEWABLE RESOURCE MANAGEMENT

TRANSFERS

Interested students can obtain further information on these partnerships from the School of Environmental Science Chair. Students wishing to continue studies at other institutions must meet the entrance requirements of that institution.

Athabasca University

Graduates of Lethbridge College's Renewable Resource Management diploma program are eligible to receive 30 to 60 credits (dependent on the university program) towards a number of post-diploma bachelor's degrees in Commerce, Management, Human Resources/Labour Relations, Computer and Information Systems, and Science at Athabasca University. To explore options, please visit www.athabascau.ca (<https://www.athabascau.ca/>)

Griffith University, Australia

Graduates of Lethbridge College's Renewable Resource Management diploma program are eligible to receive transfer credit towards the completion of a Bachelor of Environmental Science at Griffith University, in Australia. For more information, please visit <https://www.griffith.edu.au/credit> (<https://www.griffith.edu.au/credit/>)

Lethbridge College

Graduates of the Renewable Resource Management diploma at Lethbridge College may be eligible for up to 60 credits towards a Bachelor of Ecosystem Management or a Bachelor of Applied Science in Conservation Enforcement at Lethbridge College. Details regarding these programs can be found in the Academic Calendar or on the Lethbridge College website (<https://lethbridgecollege.ca/>).

Northern Alberta Institute of Technology (NAIT)

Graduates of Lethbridge College's Renewable Resource Management diploma program with a minimum GPA of 2.7, or a B- grade, on standard grading scales will be conditionally accepted into the BTech (Bachelor of Technology) degree program. Applicants for transfer of credit shall complete all of the requested application procedures of NAIT including, but not limited to, written statements outlining personal objectives, career goals, letters of reference, work experience and community involvement, and such other information as may be requested and used by NAIT to determine whether the applicant complies with the requirements as set out or intended.

Royal Roads University

Graduates of Lethbridge College's Renewable Resource Management diploma program are eligible for full block transfer into the Bachelor of Science in Environmental Practice or the Bachelor of Arts in Environmental Practice at Royal Roads University. Graduates may also receive full block transfer to the Bachelor of Science in Environmental Science, with the completion of two additional university-level math courses (calculus or linear algebra preferred) and two additional university-level chemistry courses on arrival.

University of Alberta

Graduates of Lethbridge College's Renewable Resource Management diploma program are eligible to receive up to 60 credits towards a Bachelor of Science (Environmental and Conservation Sciences), Land Reclamation major at the University of Alberta. In order to receive the total allowable credits, students must present all diploma program requirements.

University of Lethbridge

Graduates of Lethbridge College's Renewable Resource Management diploma program with a minimum 2.75 GPA are eligible for admission into the University of Lethbridge's Post-Diploma Bachelor of Science (Environmental Science) program. Admitted students will be third-year degree level students in the university's Faculty of Arts and Science in all respects. For more information, please see an academic advisor and visit www.uleth.ca (<https://www.uleth.ca>)

University of Regina

Lethbridge College's Renewable Resource Management diploma graduates are eligible to receive up to 60 credits towards the Bachelor of Science (Environmental Biology) at the University of Regina. Students must have a minimum graduating average 60% and a passing grade in Pre-Calculus 30 or equivalent.
